PPC pop-up power supply management

accessories

applications

- School Administration
- Colleges and Universities
- Laboratories
- General Classrooms
- Hospitals
- Anywhere and Everywhere

FPM flip-up power management

KBMT adjustable keyboard mechanism and swivel mouse arm

GROMMET cord management

accessories

Today's sophisticated learning environments require more than just a table and a chair. These modern institutions mandate access to power and data at every corner, and the means to manage the necessary hardware. With accessories, the product you specify will be ready for tomorrow and the technology it brings.

- Most accessories can be field or factory installed.
- All power supplies are UL Certified.
- Choice of grommet locations.
- Black accessories match all finishes.

computer

Keyboard Trays Static locking keyboard drawers, fully articulated locking trays and laptop holders are available to maximize your tables or office furniture. Benefit from added convenience and promote ergonomic posture. Most selections can be field installed, or order factory installation and have your product delivered ready to use.

power and data

Power and Data Top Access Pop up power supply management is available with three 10 amp simplex outlets (PPM) or two 15 amp simplex outlets (PPC). Each is supplied with one adapter face plate for voice/data coupler or jack. Pop up power and communications center provides three 15 amp simplex outlets along with two adapter face plates for voice/data couplers and jacks (PCC). A flip up version is fitted with two simplex outlets and two RJ45 outlets (FPM).

CPU Holders 16 gauge steel, fixed mount CPU Holders will mount directly to the underside of tops or side mount to panels. Standard CPU Holder accommodates 14.5-22.5 inches of vertical storage with 5.25-9.5 inches of horizontal adjustment. For thinner CPUs the CPU Holder is designed with 2.75-5.5 inches of horizontal adjustment. CPU Holders are rated for up to 45 pounds and swivel 360 degrees for easy access.

Power and Data Under Top Mount A power and communications harness designed for under top or panel mounting contains four simplex outlets and a standard jack for telephone, fax or modem hook-up. Integrated 13 amp circuit breaker with 10' power cord.

For complete specifications review the Inwood Education Price List.

Wire Management Choose from a standard rectangular grommet or an extra large capacity rectangular brush grommet for delivering wires to the tops of your tables and furniture. Wire management conduit affixes to the under side of tops to both conceal and direct your cables, while still allowing easy access.

CPU fixed mount adjustable CPU holder

Get accessible power and the communication connections you need for a technology driven society.
