DESIGN: A. CHEVIGNY

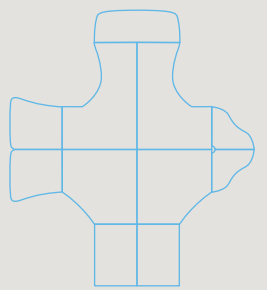

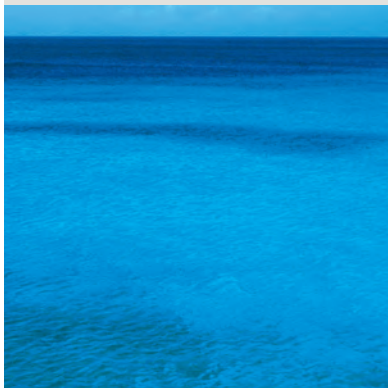

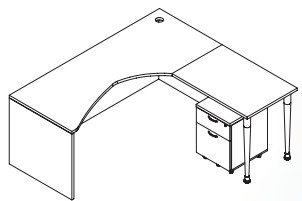

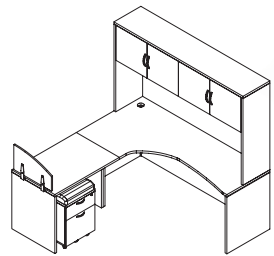

It's youthful, upbeat, colorful, and modular: truly something new!

From the home office to the corporate boardroom, from the I.T. Department to the CEO's office, Oceane is the multi-purpose office furniture, a practical, flexible tool, for a new vision of the work environment.

A corner work surface
and a screen.
Just add a mobile unit,
the all-practical accessory rail,
a filing cabinet...
Multiply by two, by four, by twelve...
and you're in business!

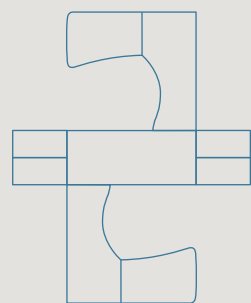

ocean^e

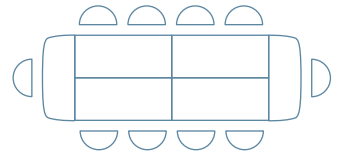

Oceane's furniture and dimensions will allow you to create the ideal workstation, custom-made to meet your needs.

Expand your horizon...
stir up discussions or assess your
level of intimacy.

Practical components.

A business meeting first thing in the morning,
a training session after hours... the room is ready
and the ambience is changed in a few minutes.

Storage units, filing cabinets,
mixed towers, mobile pedestals,
a wide array of practical
accessories, all expose
the hidden face of Oceane!
